Profile

I'm a Graphic Designer and Printmaker with a BFA from PennWest Edinboro University! Through the course of college I've fallen in love with all sorts of design from branding and publication, to merch and posters. I love to try new techniques when I get the chance, and use a lot of handmade feeling assets in my work. Every opportunity I can get to learn and grow in my craft is deeply valued and appreciated.

When I'm not designing or doing art you can find me watching horror movies, going to local card shops to find Pokemon cards, listening to all kinds of music or cuddling with my dog Skylar!

Experience

Brunner - Graphic Design Internship

June 2025 - August 2025

Worked with the creative team and my mentor to create works for companies like Church's Chicken and LaRosa's Pizza as well as Brunner themselves. Included designing a logo, emails, t-shirts, stickers, hats, and other various advertising materials.

NWPA Beehive - Union City Rebrand

August 2025 - December 2025

Took on rebranding the borough with a team of my peers, giving them a redesigned logo, a brochure, business cards and social media assets. In particular I undertook the role of Communications Lead, being the main contact point between our team and the client. Relaying comments, concerns, feedback, and the clients needs that they were not able to express in video meetings with the team.

NWPA Beehive - Ella Cochran Food Pantry Rebrand

August 2025 - December 2025

Took on rebranding the business with a team of my peers, giving them a redesigned logo, a brochure, social media assets, and holiday event flyers. For this team I undertook being the Creative Lead, whose main goal was to insure that everything within our system remained cohesive and within the wants/needs as dictated by the client.

NWPA Beehive - Millcreek Elementary Mascots

January 2026 - May 2026

With the help of a group of designers we undertook redesigning five mascots for the elementary schools of Millcreek district. My role in the team was the Brand Systems Lead, in charge of making sure that everything came together to become a cohesive part of the set. Outside of this role I aided in illustrating concepts for both the animal bases and armoured versions.

NWPA Beehive - Sweet Traditions of Corry

January 2026 - May 2026

As a group my peers and I took on branding a local family owned maple syrup business that was in need of a logo, business card, flyer, signage for vending, and other payment cards to place on their table. For this project I was the Presentation Lead, taking the role of main speaker during any client facing presentation as well as creation of the pitch decks/presentations.
